"Empowering Every Student to Achieve Academic Success Now and In The Future"

March 12, 2020

Dear WUESD Families:

As Coronavirus (COVID-19) continues to have an impact on our schools and communities, and as stated previously in communications to all of our families, we feel it is important to notify our community regarding any new information related to the Coronavirus. Our goal is to let all of our families know of current developments and steps Woodville Union Elementary School District is taking to help keep our families safe.

With that, WUESD has been notified by Tulare County Health and Human Services Public Health Department that the first positive case of Coronavirus has been confirmed in Tulare County.

While the risk to the general public remains low, we are working with all involved agencies to take the most appropriate steps to ensure our families' safety. Toward that end, Woodville UESD is cancelling tonight's Academic Awards assembly and suspending all large gathering events indefinitely at this time.

We will continue to communicate with you as anything related to the Coronavirus comes to light. If you have any questions, don't hesitate contacting us.

Sincerely,

Lou Saephan
Superintendent, WUESD

"Empowering Every Student to Achieve Academic Success Now and In The Future"

Marzo 12, 2020

Estimados padres de familia del distrito escolar de Woodville:

Mientras el Coronavirus (COVID-19) continúa impactando a nuestras escuelas y comunidades, y como se ha dicho antes en comunicados a todas nuestras familias, nosotros creemos que es importante de notificar a nuestra comunidad acerca de cualquier información relacionada con el Coronavirus. Nuestro objetivo es informar a nuestras familias de las precauciones que los administradores del Distrito Escolar de Woodville están tomando para ayudar a mantener a nuestras familias seguras.

Dicho eso, los administradores del distrito han sido notificados por el Departamento de Salud Pública que el primer caso del Coronavirus ha sido confirmado en el Condado de Tulare.

Mientras el riesgo a la población continúe siendo bajo, continuaremos trabajando con las agencias pertinentes para tomar las precauciones debidas y mantener la seguridad de nuestras familias. Para asegurarnos de eso, los administradores del distrito de Woodville cancelaron la asamblea de los premios académicos programada para esta noche.

Continuaremos la comunicación con ustedes con cualquier cosa relacionada al Coronavirus. Si usted tiene alguna pregunta, no dude en comunicarse con nosotros.

Sinceramente,

Lou Saephan

Superintendente, Distrito de Escuela Elemental Unido de Woodville
